Experience

Full Stack Developer

Rejolut- A GenAI & Web 3.0 Company

📅 Dec 2024 - Present

📍 Mumbai, MH

- Built Web3 DApps for token claiming, staking, and DeFi using React, Next.js, RainbowKit, Wagmi, Ethers.js, and TypeScript.
- Collaborated with cross-functional teams to integrate frontend interfaces with smart contracts and backend services.
- Contributed to architecture, performance optimization, and agile development cycles for scalable crypto finance platforms.

Frontend Lead

KJSS COSMOS PVT LTD (KJSSC)

📅 June 2023 - Aug 2024

📍 Mumbai, MH

- Led a team of 4 frontend developers, fostering collaboration and driving improvements in coding standards, resulting in a 20% reduction in issue resolution time and increased project delivery speed..
- Played a key role in brainstorming and ideation sessions, introducing features that increased user engagement by 25% and enhanced overall website functionality.
- Optimized the frontend codebase, leading to a 15% increase in website load speed, improving the user experience across mobile and desktop platforms.

Programming Instructor

Lal Bahadur Shastri Training Institute (LBSTI)

📅 July 2022 - Jan 2023

📍 Dwarka, Delhi

- Mentored over 50 students in core programming and web technologies, fostering a collaborative and project-based learning environment.

Software Development Associate

Tata Consultancy Services (TCS)

📅 Feb 2022 - Mar 2023

📍 Varanasi, UP

- Completed TCS Experience Essentials training, gaining expertise in Java development, data privacy, and intellectual property, with a focus on secure coding and efficient software design.
- Acquired several internal certifications in Java, public speaking, and data privacy, further enhancing my technical and interpersonal skill sets

Skills

Programming Languages : Java, C++, C, Python, Javascript, Typescript, HTML, CSS, Git.

Frameworks / Libraries : React.js, Next.js, Nest.js, Prisma, Redux, Tailwind, Bootstrap, Shadcn/UI, Flask, Spring Boot, Rest API, ethers, wagmi, RainbowKit.

Software and Tools : Visual Studio Code, Postman, Spring Tool Suite, Eclipse, Android Studio, Postman, Version Control System, GitHub, Docker, Netlify, Vercel, Firebase, AWS, AWS EC2, AWS S3, Figma, Photoshop, Illustrator, Virtual Box.

Databases : MySQL, MongoDB, Firebase, PostgreSQL.

Projects

RVV Portal

React.js, Ethers, TypeScript, Wagmi

🔗 www.claim.astranova.world

- Designed and built a decentralized portal for users to claim, stake, and swap tokens securely through Web3 wallet connections.
- Integrated RainbowKit and Wagmi for a smooth, multi-wallet user experience across supported chains.
- Enabled real-time interaction with Ethereum smart contracts using Ethers.js, handling asynchronous events, on-chain state, and transaction feedback.

KodeThat

Next.js, React.js, MongoDB

🔗 www.kodethat.com

- Developed a responsive digital media platform to offer services such as web development, app creation, and creative media solutions.
- Focused on creating a seamless user experience across devices with optimized performance and scalability.
- Leveraged MongoDB for robust database management and Next.js for fast rendering and dynamic content delivery.

APS For Humanity

Next.js, React.js, Laravel, MySQL

🔗 www.apsforhumanity.com

- Built a feature-rich, mobile-friendly website equipped with a Content Management System (CMS).
- Developed an intuitive admin interface, enabling non-technical users to update and maintain the site effortlessly.
- Enhanced functionality with Laravel and MySQL to ensure seamless data management.

GausiyaExports

Next.js, React.js, Next.js API

🔗 www.gausiyaexports.com

- Designed and implemented a modern, mobile-friendly e-commerce website for a global export business.
- Integrated responsive design principles and optimized layouts for better user experience.
- Utilized Next.js API for dynamic content and streamlined performance across various platforms.

Education

University of Mumbai

B.Sc - Information Technology

Grade: 9.6/10

📅 Aug 2018 - May 2021

Achievements

- Paper presented on titled “**Advertisement Blocker using Raspberry Pi**”. **Ranked 1st** in International Conference at KLE College, Kalamboli on 7th Feb 2020.
- Completed **Full Stack Android Developer Course** from IIHT, Vashi with **A Grade**
- Completed **Full Stack JAVA Developer Course** from Aptech, Kharghar.
- Organized a **Tech fest** in College **TECHNOBRINK**
